

# How to Use EBSCO-HOST

Mr. Mannino  
Librarian/Media Specialist  
Desert Pines High School

# What is EBSCO-HOST?

According to [EBSCO](#):

**“EBSCOhost is an intuitive online research platform used by thousands of institutions and millions of users worldwide. With quality databases and search features, EBSCOhost helps researchers of all kinds find the information they need fast.”**

# Features of EBSCO HOST.

- EBSCO HOST offers valuable tools for students conducting research:
- The ability for students to save articles directly into their Google Drive.
- Print, save, & email articles.
- Properly format and cite the article in various formats (MLA, APA, Chicago).
- Limit search results by years, format (newspaper, magazines, scholarly articles).
- Many articles have the option to be read to the viewer, similar to an audio book.
- The ability to search for photographs, maps, and other primary sources.

# How to Access EBSCO-HOST

Visit The Desert Pines High School Library Website: <https://dphslib.wixsite.com/dphslib>  
The link is also posted on the DPHS [website](#).

## Desert Pines High School Library

Desert Pines High School

**CLICK ON DATABASES**

Welcome to the Desert Pines High School Library Webpage.

To access the databases students and teachers will need the latest and up to date listing of usernames and passwords. The latest access codes are posted on the DPHS Library website.

## Databases

Databases are a great tool for doing research. To access the databases from home you will need the access codes posted below. [Google Scholar](#) & [WolframAlpha](#) do not require an access code.

# EBSCOHOST ADVANCED SEARCH OPTIONS: Boolean Search

Boolean search is a type of search allowing users to combine keywords with operators (or modifiers) such as **AND**, **NOT** and **OR** to further produce more relevant results. For example, a Boolean search could be "hotel" AND "New York". This would limit the search results to only those documents containing the two keywords.

*"What is Boolean Search?"*

The screenshot shows the EBSCOhost Advanced Search interface. At the top, there are navigation links: "New Search", "Publications", "Subject Terms", "Cited References", and "More". On the right, there are links for "Sign In" and "Folder". The main search area has a header "Searching: Academic Search Complete" and a link "Choose Databases". Below this, there are three search input fields. The first field contains "Roosevelt". The second field contains "NOT \* Franklin". The third field contains "OR \* Theodore". To the right of each input field is a dropdown menu labeled "Select a Field (optional)". A green "Search" button is located to the right of the first field. Below the input fields, there are links for "Basic Search", "Advanced Search", and "Search History".
